— CALIFORNIA —
Proposition 65 Warning:

Breathing Diesel engine exhaust and some of its constituents are known to the State of California to cause cancer, birth defects, and other reproductive harm.

- * Always start and operate the engine in a well-ventilated area.
- * If in an enclosed area, vent the exhaust to the outside.
- * Do not modify or tamper with the exhaust system.
- * Do not idle the engine except as necessary.

For more information, go to www.P65warnings.ca.gov/diesel.

Model Designation

MODELS INCLUDED

This manual covers the parts and components used in:

M773LW3, M773LW3G and NL773LW3

Model Numbers

Model numbers give the unit's application, block model, aspiration, and RPM:

M773LW3 = Northern Lights marine diesel generator set with an 773 engine and a PX-309K2 generator with a different winding, Tier III.

NL773LW3 = Northern Lights industrial diesel generator set with an 773 engine and a PX-309K2 generator with a different winding, Tier III.

Serial Numbers

Your set has three serial numbers: ① an engine number stamped on the block, ② a generator plate and, ③ a generator set plate. Use the serial number on the **generator set plate** when ordering parts or in correspondence. The generator set plate is found on the service side of the generator and resembles the drawing below.

IMPORTANT:

Before selecting parts, be sure that you are choosing parts from the correct page.
Check the model designation at the page top.
Do not use this illustration for parts purchasing.
